Pattas Thatha Killadi Pati
Poetry

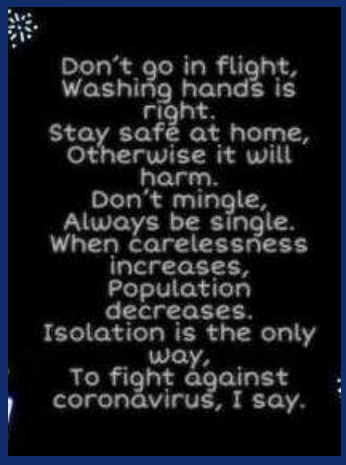
Highlights of the Day

CORONA

A new Dawn rises, swiftly chasing night
Whose sweet and placid slumber was derailed
This cloak, unsheathed, reveals a startling sight
Illuminated by Her lustrous veil
Of light, what blinding light! She does eclipse
The minute monuments of mortal men
Her fiery tendrils spell apocalypse
By snaking forth with nature's fountain pen
To craft the fates of millions down below
Her passive warmth of yore now feels Her wrath
Which steals the lives She birthed mere years ago
While hurtling down this fatal, sordid path
In blazing chariot and flaming gown

This queen burns all to keep her glowing crown.

Lie low to the wall
Until the bitter weather passes.
Try, as best you can, not to let
The wire brush of doubt
Scrape from your heart
All sense of yourself
And your hesitant light.
If you remain generous,
Time will come good;
And you will find your feet
Again on fresh pastures of promise,
Where the air will be kind
And blushed with beginning.



Don't go in flight,
Washing hands is right.
Stay safe at home,
Otherwise it will harm.
Don't mingle,
Always be single.
When carelessness increases,
Population decreases.
Isolation is the only way,
To fight against coronavirus, I say.

Lock down

I can see people queuing outside supermarkets, standing 2m apart,
Food shelves were empty like classrooms, panic at the start.
Seeing family upon a screen,
Friends from school you haven't seen

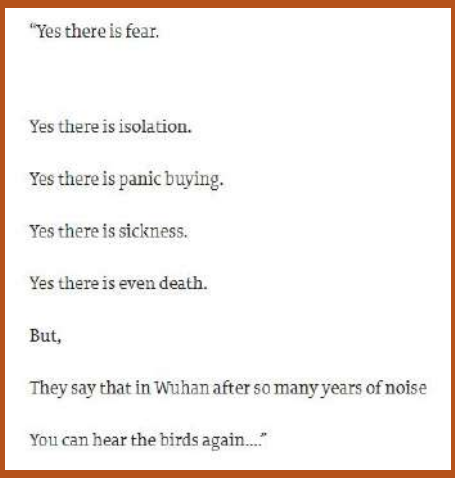
Listening to the sound of silence, as still as the night,
People all in their houses, holding each other tight.
The sound of people busily buying food,
Families spending time together, lightening the mood.

The smell of fear from people not wanting to leave their homes,
Staying in their gardens, talking to their gnomes!
Helping in the kitchen, it smells like chocolate cake,
Dreaming of all the Easter cards and cookies we could make.

The worry in my belly, struggling to know what's going on,
Hoping that my Grandma and Grandads won't be gone.
My heart beating quickly deep within my chest,
Thinking about friends and family as well as all the rest.

Licking delicious chocolate from my fingers, as an early Easter treat,
Like the frantic feeling when you want much more to eat.

I may be feeling lonely like a house on a tall hill,
But I'll stay inside forever to stop others getting ill.



"Yes there is fear.

Yes there is isolation.

Yes there is panic buying.

Yes there is sickness.

Yes there is even death.

But,

They say that in Wuhan after so many years of noise

You can hear the birds again...."

Dear Teachers,

Hope you are all staying at home and ensuring safety for yourselves and your family.

COVID-19 pandemic is having a huge impact on our lives and has collapsed the inequality that was so far prevailing in the society. Today, doctors and scavengers are seen in the same level and praised by the entire nation for being the frontline warriors fighting to keep COVID- 19 at bay. Today we realize that being a scavenger is also a noble profession.

Throughout all the ages teaching is claimed as the noblest profession. How can we as teachers contribute in the current scenario?

All our regulatory bodies have given us guidelines on how to utilize the lockdown time for teachers. We are instructed to conduct online classes, prepare lessons for the forthcoming academic year, etc. We all teachers are sincerely doing all of these activities. But there is something else that we need to do to improve the effectiveness of our online classes and help our students realize their role now and after this pandemic gets over. It is our role as mentors.

I request all the faculty members to assimilate the following and discuss with the students and parents appropriately

- We do not know what impact this pandemic will have on the Indian economy and the global economy. Once this pandemic ends the engineers have to become the frontline warriors rebuilding the nation. Inform the students, how SKCT and SKCET made timely contributions by making ventilator splitter and hand sanitizers. The world needs engineers to rise again. Motivate the students to come out with possible solutions for the crisis we are facing. Create awareness about the various initiatives taken by AICTE/ MHRD like Fight Corona IDEAthon. Facilitate the students to participate in such events. Motivate students to read about how Singapore and Japan developed.

- Educate the students about the various portals available to improve their knowledge and skills. Motivate the students to participate in online competitions and assessments. Inform the students that the time has to be spent wisely. Facilitate the students to complete the NPTEL assignments and courses sucessfully
- Help students and parents realize the efforts taken by our teachers in ensuring Teaching Learning is continuing and ensure that they participate actively.
- Lock down of the entire nation is something that has happened for the first time for this generation. The Prime Minister, Chief Minister and doctors are all appealing the entire nation to be at home. But our students might be anxious to know what is happening outside and might put him and the society at risk. Kindly create awareness among students and parents.
- Lockdown will soon make all the students and parents weak physically & mentally and make them feel vulnerable. This will have a huge impact on the relationship between the members of the family. All these days each member of the family had their own schedule on regular working days and in general, weekends are spent travelling and socializing. But now all are forced to be inside the houses

24/7. In this scenario the parents might turn to be nagging trying spending their time correcting their son/daughter. This might soon become suffocating for our students and also the parents. Motivate our students and their parents to discuss and come out with a common schedule for the family. Educate the parents about respecting the privacy of their adolescent kids.

- Give assurance to the parents and students that you will be available to help, counsel and mentor.

If we could understand our moral responsibility as teachers do our job in this critical situation, we will be remembered by all our students' families and society as a whole.

Kindly document all the efforts taken.

With best regards

Dear Students,
Hope all of you are staying at home and ensuring your safety and the safety of your family and society.

There are good numbers of movies that had showcased the entire nation or the whole world itself devastated by natural calamity or under threat and the hero and his small team save the country. I hope many of you are thrilled in witnessing what happen in English movies happen in reality. But now we are all going to realize that watching a movie for 2 hours and enduring a similar situation in real life is going to be an entirely different experience.

In the present scenario if you could stay at home and cooperate to what the Prime Minister and the Chief

Minister appealed that itself will make you real life heroes. But there is much more you can do.

The government is seeking help from the individuals to the corporates to extend their support in all possible ways like acting as volunteers to making mask, ventilators. SKCT and SKCET both have already flung into action and we have designed and printed a ventilator splitter (shortage of ventilator splitter is the biggest crisis in treating the patients) and SKCET has made hand sanitizers and distributed to MHRD. We expect the same from our students.

At situations like this, when everyone tends to panic, common sense and presence of mind can provide good and viable solutions. In a country like India with so much of diversity in every aspect the problems arising out of such lockdowns are also going to be enormous. Fresh minds like yours will have so much of ideas, please participate in events like AICTE/ MHRD Fight Corona IDEAthon. Don’t underestimate your ideas or be reluctant in sharing your ideas. The government is reaching out to everyone and looking out for help, support and ideas from all of its people. Kindly take part actively.

There are numerous online portals that help you gain knowledge and develop your skills. The college has introduced these portals and provided you with the knowledge and opportunities to groom yourselves as

fine engineers. Kindly utilize the time to equip yourselves. Today doctors and scavengers are in the frontline fighting to save the people and nation. Once this pandemic gets over, it is the engineers, you who have to come forward to rebuild the nation and its economy. You should be ready for that with all required knowledge and skills. If we engineers fail, the nation will be taken back several decades. We can't let that happen. Equip yourselves and be ready.

Be sensible and be supportive to your parents. All these years you would have seen your parents working for extended hours to provide comfort to you and your family, but now everyone is forced to be at home. For a couple of days, this lockdown would give rest for everyone, but soon it will make all the members of the family weak physically & mentally and make everyone feel vulnerable. You young smart people please plan how to keep your parents and other members of engaged. Most of them would try spending time watching TV and using mobile phone. Teach technology to the elders of your family. Make them feel empowered. They taught you the alphabets and basics of life with lots of patience. It was their desire to provide you what they don't know, had made you engineers today. Now it is your time to be patient and teach them how to use the smart phones. Introduce various apps that help in making our lives easy.

Your parents might be into lot of anxiety about the financial crisis that may arise after the lockdown. There might be wild imaginations running in their mind and their helplessness that they can't do anything during the lockdown period might make them feel low, let down and irritated. This is the time where you young students should cultivate tolerance and endurance. Try to comfort your parents. Your parents might tend to be harsh with you for being playful at times. Kindly do not react in a similar way to your parents. During the lockdown period each one is going to watch 24/7 others activities and advise you to change or improve for your own betterment. Take all advice in the right sense and understand the intentions behind your parent's words. Kindly be at home without complaining. When your parents look back after this pandemic is over they should feel proud of you all for the maturity that you all exhibited in the tough phase. We sincerely pray that your relation and family bonding strengthens as each and every day progresses.

Be very strong and be a pillar of strength to your entire family. We faculty members are there for you to call, discuss, help and facilitate you and your family to cross this tough period.

Dear students, understand we teachers are also with our families and tackling similar situations. But we understand our duty in creating the future engineers.

Kindly respect our efforts in ensuring that your learning continues. Kindly participate in all the online classes, assessments conducted by the faculty members.

Let us all work together in creating a safe and beautiful future.

கவிதை

"கோரானா "இவன் குற்றமுள்ளவனை மட்டும்
தண்டிக்கும் நீதிமான் கிடையாது!
இனம் பார்த்து பிடித்துக்கொள்ளும் மதம்
பிடித்தவன் கிடையாது!
செல்வந்தனை மட்டும் சீரழிக்கும் கையூட்டு
பெறுபவனும் கிடையாது!

குழந்தை முதல் குமரன் வரை கொன்று
குவிக்கும் கொலைகாரன் தான்!இவன்.
நீ வாழ்வதற்கு வாய்ப்பு ஒன்றைக்
கொடுத்திருக்கிறான்!இவன்.
அழைப்பிலும் அலைபேசியிலும் மட்டும் காண
முடிந்த பந்தத்தை சேர்க்க அளவிடமுடியாதக்
காலத்தை தந்திருக்கிறான்! இவன்.
வீசும் காற்றில் விஷத்தை பரப்புபவன் இவன்
என்றால்!
வாழும் வீட்டில் பாசத்தை பரப்புபவனாக நீ இரு!
கடைக்கோடியில் பசியில் நிற்பவனுக்கும்!
உணவு இல்லாமல் தவிக்கும் ஜீவராசிக்கும் நீ
உதவுகிறாயா?
என உன் மனிதாபிமானத்தை சோதிக்க
வந்தவன் தான் !இவன்.
நீ இவனை எதிர்த்து வீதியில் இறங்கி போராட
வேண்டாம்!
வீட்டில் மட்டும் கிடந்தாலே போதும்.
வல்லரசு நாடுகளே வலுவிழந்து கிடக்கும்
நிலையில் !
நாம் நம் நல்அரசிற்கு கைகொடுப்போம் !!□□□□
விழித்திரு !!விலகி இரு!! வீட்டிலேயே இரு!!

"கோரானா"

வணக்கம்!!!! அனைவரும் கோரானா அச்சத்தில் இருக்கும் இந்த வேளையில் சிறிது நேரம் இந்த உரையை கேளுங்கள். கோரானா ஏன் வந்தது? எதனால் வந்தது? நாம் என்ன தவறு செய்தோம்? ஏன் நம் நாட்டிற்கு வந்தது என்று அனைவரும் சிந்திக்கின்ற இந்த வேளையில் நான் ஒன்றை கூற ஆசைப்படுகிறேன்.

கோரானா ஜாதி, மதம், சிறியவர், பெரியவர், கிழவன், குமரன், பணக்காரர் மற்றும் ஏழையென்று எந்த பாரபட்சமும் பார்க்காமல் அழித்து வருகிறது. இதற்கு யார் காரணம்.....? அட்சரியமாக இருக்கின்றதா..? இருக்க வேண்டும்!. ஏனெனில், நாம் நம் பாரத நாட்டிற்கு என்ன நல்ல விஷயம் செய்தோம்..? என்று சற்று சிந்தியுங்கள்!!. பதில் கிடைத்ததா...? கிடைத்திருக்காது. ஏனெனில், நாம் நம் பாரத மாதாவை அணுஅணுவாவாய்க் கொன்று கொண்டிருக்கிறோம்.ஏப்படி என்றால்? மரங்களை வெட்டினோம், ஆலைகள்,வீடுகள் மற்றும் அனைத்து தொழில்நுட்ப கூடங்கள் என அனைத்தும் அமைத்தோம்,விவசாயின் வயிற்றில் அடித்தோம், ஏழை எளிய மக்களை கண்டுகொள்ளாமல் சுற்றி திரிந்தோம்.

ஊழல், கையூட்டு, வன்கொடுமை, கொலை மற்றும் கொள்ளை, இவை மிகக்குறைவு இன்னும் எத்தனையோ நம் நாட்டில் நடக்கிறது. கோரானா எப்படி வந்தது என்று நான் சொல்கிறேன், மரம் அது வெறும் மரமல்ல அதற்கும் உயிர் இருக்கிறது. அதனை வெட்டும் வேளையில் மரங்கள் கண்ணீர் விடுமாம்." எங்களை விட்டுவிடுங்கள், எங்களை வெட்டாதிற்கள்,நாங்கள் ஓரமாக இருந்துவிட்டு போகிறோம், எங்களை வெட்டதிர்கள்" என்று கெஞ்சியும், அணு அணுவாக அந்த வாயில்லா உயிர்களை கொன்று குவித்தோம். காடு, மலைகள் அழியும் போது,"என் வம்சமே அழிகிறது", என்று கதருமம் இயற்கை. லட்சக்கணக்கான மரங்களை அணு அணுவாய் வெட்டி செய்தோம். அதன் விளைவுதான், லட்சக்கணக்கான மக்கள் இன்று தங்கள் பொன்னான மணி துளிகளைஎண்ணிக் கொண்டிருக்கிறார்கள்.இயற்கையின் சாபம் தான் இது."என்னை எப்படி துடிக்க துடிக்கக் கொன்று குவித்தீர்களோ!!அதேபோல் நீங்களும் அணுஅணுவாய் மாய்ந்து போவீர்கள்" என்று இயற்கையின் சாபம் தான் இந்த கோரானா.

தனித்திருக்கும் வேளையில் தொலைக்காட்சியின் மூலமும், தொழில்நுட்பத்தின் மூலமும் மகிழ்ச்சி அடையாமல் நம்மால் இந்த நாட்டிற்கு என்ன செய்ய முடியும், என்று நினைதுபாருங்கள்.மரங்களை அழிக்காமல் மனிதநேயம் என்ற விதையை விதைப்போம்,பொன்னான நாடக மாற்றுவோம். காவலர்களின் சொல் கேட்டு வீட்டில் இருப்போம். மருத்துவர்களின் அறிவுரைகளைக் கேட்டு தனிதிறுபோம்.துப்புரவு பணியாளர்கள் நமக்காகபடும் துயரத்தை உணர்ந்து கோரானா-வை ஒழிக்கத் துணையை இருப்போம். ஊரடங்கை முறையாக கடைப்பிடிப்போம். கோரானா-வை வெல்வோம்.வணக்கம்!!! அனைவரும் கோரானா அச்சத்தில் இருக்கும் இந்த வேளையில் சிறிது நேரம் இந்த உரையை கேளுங்கள். கோரானா ஏன் வந்தது? எதனால் வந்தது? நாம் என்ன தவறு செய்தோம்? ஏன் நம் நாட்டிற்கு வந்தது என்று அனைவரும் சிந்திக்கின்ற இந்த வேளையில் நான் ஒன்றை கூற ஆசைப்படுகிறேன்.
